

**Job:**

We are seeking an experienced SEO specialist to enhance the online visibility of our acupuncture practice, website is [elementalacupuncture.net](http://elementalacupuncture.net). Your primary goal will be to increase local traffic to our website through effective strategies tailored for our community. The ideal candidate should have a proven track record in local SEO, keyword research, and optimizing Google My Business profiles. If you have a passion for helping health-related businesses thrive online, we would love to hear from you.

**Proposal:**

Good day!

I've outlined my recommendations and timeline here: <https://bitJy/42dZxBh>

With only 8 referring domains and 14 organic keywords, your site has room for significant growth. **Elemental Acupuncture** can target untapped LOCAL SEARCH POTENTIAL to rank prominently for high-impact keywords like "Acupuncture in [Your City]."

**THE APPROACH**

Optimize titles, descriptions, and headings to align with local SEO best practices.

Enhance your GMB profile for increased visibility in local search.

Replace AI-generated content with engaging, informative blogs targeting acupuncture-related searches.

Build high-quality backlinks with local citations and outreach to credible health-related sites.

- Integrate Google Analytics, Google Search Console, and add an HTML sitemap for better indexing.

I'll specifically optimize the website for LOCAL SEARCH, leveraging popular local keywords, ensuring accurate NAP information across directories, and optimizing your GOOGLE MY BUSINESS listing. I'll focus on local CITATIONS and LINK-BUILDING (PORTFOLIO: <https://bit.ly/3gInXQ4>), implement schema markup, and consistently monitor and adjust strategies using tools like Google Analytics, Google Search Console, AHREFs, SEMrush, and more to ensure maximum effectiveness.

A few of my recent clients are:

<https://lastlabourhire.com.au/>

<https://storagechoice.com.au/>

<https://www.edenderma.com/>

Let's schedule a brief conversation or call to explore how I can contribute to improving your Acupuncture company's websites online visibility, and local rankings, and maximize the benefits by implementing well-crafted, efficient strategies

Roughly how many hours do you anticipate this job taking you?

For the first month, I anticipate dedicating around 20-25 hours to set up the foundational aspects of the SEO campaign, including optimizing on-page elements, building an initial backlink profile, and addressing technical issues. From the second month onwards, an engagement of

15-20 hours per month should suffice to maintain progress..

**Job:**

We are seeking a skilled link building expert to improve our website's SEO performance. The ideal candidate will have a proven track record of acquiring quality backlinks from reputable sources. Your expertise will help enhance our website's visibility and authority in search engines. If you are knowledgeable about effective link building strategies and can deliver results efficiently, we want to hear from you. Please include examples of previous work that demonstrate your success in link building.

**Proposal:**

Greetings,

One of my recent successes was helping **fleminghowland.com** secure top 3 positions in search results. I increased their Domain Authority from 39 to 48 and drove a 272% increase in organic traffic. You can check the full results here:

<https://bitly/47EOlsz>.

As a Backlink Builder/SEO Specialist with a proven track record, I specialize in acquiring high-quality backlinks that boost domain authority and improve search engine rankings.

With over 5 years of experience, I've mastered the art of building backlinks from reputable sources with high traffic (10k+), DR/DA 40+, and ensuring that these links add significant value to the website's SEO. Here's a sample of my work:

<https://bitly/3XUzs6z>

My approach to link building is strategic and tailored. I analyze your competitors to uncover the best opportunities, and I craft personalized outreach campaigns to secure valuable backlinks. I use tools like Ahrefs, SEMrush, and Moz to track performance and ensure the links are effective and aligned with Google's guidelines.

I understand the importance of transparency and communication. I'll provide regular reports, including detailed updates on the backlinks I acquire, how they're impacting your SEO goals, and the overall progress.

**Job: High Quality Links / DR DA linkbuilding**

Really interested in High quality backlinks, bulk orders for 30+ links monthly and more.

Please get back to me backlinks GURU who has ability for posting articles and get high rankings

**Proposal**

Hi Denys, If you're looking to build 30+ BACKLINKS monthly that actually move the needle, you're in the right place. Check out my Link Building success story: <https://bit.ly/3zekcbG> where

I improved website TRAFFIC by 107K, ranked 0 to 203 keywords in the TOP 3 positions, and enhanced Domain Rating from 1 to 39.

Have a look at Live Links I built on reputable websites: <https://bit.ly/3PHCCWK>

The backlinks I deliver are from real, niche-relevant websites with organic traffic and strong domain profiles. Each one is carefully selected to add authority and trust to your site, not just boost rankings temporarily. That means better visibility, higher-quality traffic, and long-term SEO growth.

Whether it's guest posting, niche edits, or outreach to editorial blogs, everything is done manually, white-hat, clean, and focused on quality over quantity. I've helped clients grow in tough niches by making sure each link serves a purpose, whether it's improving keyword rankings, diversifying anchor profiles, or lifting specific landing pages.

Looking forward to hearing how you want to get started!

**Job: SEO for my Website**

Need SEO done for my website. It is a new domain name and relatively new website

**Proposal**

Matt Hi, Is any content already published, or are we starting from scratch? For a NEW website, the right SEO approach can help you gain traction much faster and avoid common pitfalls. See my success story for a NEW website: <https://bit.ly/3zekcbG> where I improved website TRAFFIC from 0 to 107K, ranked 0 to 203 keywords in the TOP 3 positions, and enhanced Domain Rating from 1 to 39.

I start by making sure your site is technically sound, this includes ensuring it's properly indexed, loading quickly, mobile-friendly, and free of crawl errors. Then I focus on keyword research tailored to your niche, identifying low-competition opportunities that can bring in traffic early on. Once the groundwork is set, I optimize your on-page elements titles, meta descriptions, headings, and content structure to align with your target keywords. After that, I work on building your domain authority through quality backlinks from relevant, reputable sources, which helps your site start competing in search results.

If you'd like, I can review your site and outline the first key steps. Just share your URL, and we can get started.

Looking forward to your response

**SEO & WordPress Expert Needed to Optimize Website and Improve User Experience**

Hi there. I've started a mobile veterinary practice and need help with my website and seo. I have a wordpress based site and yoast seo but nothing beyond that. I'm definitely not experienced in this sort of thing but know it's important and I'm hoping you can help. I'm looking for an experienced SEO freelancer with WordPress expertise to help optimize my website for local search and improve its overall user experience. My business, Animal Ally Mobile Veterinary Care, is a house-call veterinary service in Portland, Oregon.

What I Need Help With:

✓ SEO Optimization: Fix Yoast SEO settings and optimize meta titles/descriptions. Improve Google Business Profile integration. Optimize for local SEO keywords (e.g., "Mobile Vet in Portland," "House Call Vet Near Me"). Ensure proper indexing in Google Search Console (fix blocked pages & redirects). Improve website structure for search rankings.

✓ Website Usability Improvements: Ensure the site is easy to navigate for pet owners. Make sure contact & booking info is prominent. Improve page speed & mobile responsiveness. Ideal Candidate: Strong SEO & WordPress skills (Yoast SEO expertise required). Experience optimizing service-based businesses for local SEO. Knowledge of Google Business Profile & Search Console troubleshooting. Ability to recommend & implement small design tweaks for better user experience. Let me know if you think it's a good fit. Thank you. Tisha Posey, DVM

### **Proposal:**

Hey,

Increased organic TRAFFIC by 200% and achieved a #1 RANKING against Local Money Keywords for my client's WordPress site [<https://bit.ly/3zovcUc>]. I'm confident to bring the same success to your MOBILE VETERINARY website by connecting it with potential clients looking for Veterinary service in PORTLAND.

Here are the significant results I achieved:

- ✓ Ranked # 1 against "labor hire Melbourne" in SERPs.
- ✓ Increased the Traffic by 215% in 9 months.
- ✓ Enhance GMB profile visibility locally.

To replicate similar results, I'll conduct a FREE in-depth AUDIT to analyze your website's current status, followed by developing and implementing Local SEO strategies, that include:

- Provide a quick fixes overview and a comprehensive Action Plan for improvements
- Technical SEO Implementation i.e., indexability, crawlability, GA & GSC integration, sitemaps, schema, speed etc.
- Competitor analysis to replicate their winning strategy for you.
- On-page SEO to optimize Content (Metadata, H tags, Alt Txt, internal linking).
- Set up and align GMB with your branding using supplied guidelines and visuals.
- Smart local keyword research and regular updates on GMB profile to boost local visibility.
- Local Listings and citations on authoritative sites to enhance local SEO.
- Track metrics and provide insightful reports for ongoing improvement.
